Arwil Martin Paraiso *UI & Frontend Developer*

Los Baños, Laguna 09657839801 Portfolio: nezra.netlify.app github.com/NezraDev

Summary

Computer Science student and Front-End Developer specializing in React, Tailwind CSS, Figma-to-code implementation, and responsive web interfaces. Built client, university, and academic systems spanning digital survey, resident-management, digital publishing, and flood-monitoring interfaces. Experienced translating Figma designs and stakeholder requirements into functional, user-centered interfaces while collaborating in team environments

Technical Skills

Design Tools: Figma, Canva, Adobe Photoshop
UI/UX Skills: Basic UI Design, UX Fundamentals, Design Principles, Wireframing, Prototyping, User Flows, Responsive Design
Front-End: HTML5, CSS3, JavaScript, React, Tailwind CSS
Collaborative Tools: Git, GitHub, Visual Studio Code

Education

Bachelor of Science in Computer Science, *Laguna State Polytechnic University - LB Campus* 08/2024 – Present | Los Baños, Laguna
Dean's Lister | GWA: 1.23

Professional Experience

Laguna State Polytechnic University - Extension Program, *Training Assistant* 04/2025 – Present | Los Baños, Laguna
- Supported 5 professors and 100+ stakeholders during software and hardware training through user onboarding, process documentation, attendance tracking, and trainee coordination, contributing to approximately 95% positive post-evaluation feedback.

Laguna State Polytechnic University - Extension Program, *UI & Frontend Developer* 11/2024 – Present | Los Baños, Laguna
Technologies | React, TailwindCSS
Digital Survey Management System
- Built a digital survey interface with React and Tailwind CSS as part of a 10-member team, helping digitize paper-based workflows across 8 departments and 28 offices and reduce processing time by approximately 60%.

Municipal Resident Management System (Batong Malake Municipality)
- Led UI/UX design and frontend implementation with React and Tailwind CSS for a municipal dashboard managing 10,000+ resident records.
- Collaborated with municipal stakeholders to translate Excel-based workflows into a centralized interface, improving data-retrieval efficiency by approximately 40-60%.

Selected Projects

Personal Portfolio, *UI & Frontend Developer* 08/2026
Self Project | React, Tailwind CSS
- Built a responsive portfolio showcasing 5+ frontend and UI/UX projects by translating Figma designs into functional React and Tailwind CSS interfaces, with responsive layouts and light/dark themes.

CentrisAI — Central Bangkok Flood Forecasting & Monitoring System, *UI & Frontend Developer* 07/2026
Undergraduate Thesis | React, Tailwind CSS
- Led frontend implementation of a centralized interactive dashboard integrating 30 m spatial-grid flood predictions with rainfall, water-level, and flow monitoring across Bangkok's 50 districts.

Rooftop Detection, *UI and Frontend Developer* 06/2026
Client Project | React, TailwindCSS
- Built a responsive interface for an AI-based rooftop detection and house-counting system, supporting aerial and satellite image processing and rooftop-result visualization while reducing reliance on manual house counting.

Intellilock, *Full Stack Developer* 07/2026
Academic Project | Laravel, PHP, Blade, TailwindCSS, IoT
- Led the development of an IoT RFID smart door lock system integrating hardware-based authentication with a Laravel and Blade web application to prevent unauthorized classroom access, monitor room availability, and centralize access logs, earning a 1.0 project grade for successful system implementation and functionality.

Singapore University of Social Sciences, *UI & Frontend Developer* 01/2026 – 04/2026
Client Project | React, TailwindCSS
- Built a responsive digital magazine interface supporting 10,000+ users and 100+ magazines, including downloadable and flipbook viewing experiences that improved access to digital publications.

Leadership and Community Involvement

Legion of Lures Esports, *President* 08/2025 – 07/2026 | Los Baños, Laguna
- Led an esports organization promoting balanced gaming and academics within the LSPU-LB student community, securing partnerships with 4 major sponsors (HyperX Philippines, Mountain Dew, Qanba, Moonton), and organizing 10 onsite esports events with 10,000+ total participants and audience reach, improving student engagement in gaming initiatives.

Moonton Student Leader Philippines, *Student Leader of LSPU-LB* 07/2025 – 07/2026 | Los Baños, Laguna
- Hosted and facilitated monthly student community activities, demonstrating leadership and coordination across 5,000+ total student participants over the entire tenure.

Recent Awards

Best UI/UX Feedback Contributor (Beta Testing) MORE Rides, *More Ventures* 04/2026

Figma Design Competition Champion, *College of Computer Studies, LSPU-LB* 04/2026

Excellence Award Gender and Development - Residency Management System, *Brgy. Batong Malake, Los Baños, Laguna* 04/2026
